

Dear Valued Y Supporter,

YOU are in my thoughts during this challenging time.

THANK YOU for your commitment to our Y. **YOU** make the Y's mission possible: meeting critical community needs and making our community stronger.

Right now, our Y is responding to this crisis and the needs of **more than 2,000 neighbors** by:

- Providing critical **childcare for 150 children** of healthcare workers and first responders.
- Fighting **food insecurity for 750** individuals and families in our communities.
- Supporting over **600 at-risk children and 500 Y residents** who we protect and serve daily.
- **Collaborating with community organizations** like the American Red Cross, food pantries, and local schools for critical services - hosting blood drives and PPE drives, and even converting our Ys into emergency homeless shelters.
- Remaining **committed to our Y workforce**, including a new emergency relief fund.

Donate Button

In this time of physical distancing, we need **YOU** to stand shoulder to shoulder with us - together, we are stronger.

Thank you,

Chris Lovasco
President and CEO
YMCA of the North Shore
